The People

Yes, the People

The people is everyman, everybody.
Everybody is you and me and all the athers.
Whot everybody soys is whot we all say.
And what is it we all say?
where to?
what next?

The people is a tall freight-handler and a taugh langshareman, o greosy firemon and a gambling oil-well shooter with a driller and tooler reody, a groping miner going underground with a headlamp, an engineer and a fireman with an eye for semaphares, a seaman, deckhand, pilat at the wheel in fog and stors.

The people? A weaver of steel-and-cancrete floors and walls fifty floors up, o blueprint designer, an expert calculatar and accauntant, o carpenter with an eye far joists and elbaws, a bricklayer with an ear far the pling af a trawel, a pile driver crew paunding dawn the pier-pasts.

So many fargatten, sa many never remembered at all, yet there are well-diggers, schaal teachers, windaw washers, wha, unless buckled proper, dance an air and ga dawn, dawn, coal heavers, roundhause wipers, hastlers, sweepers, samplers, weighers, sackers, carvers, blaam chippers, kiln burners, caaks, bakers, beekeepers, gaat raisers, gaat hay growers, slag rallers, melters, salderers, track greasers, jiggermen, snawplaw drivers, clam diggers, stool pigeons, the buck private, the gob, the leotherneck, the cap—

The people is the grand canyan of humanity and mony, many miles across.
The people rest an land and water, an time and the changing winds.
The people have came far and can laak back and say, "We will ga farther yet."
Slow in its asking: "Where are we naw? What time is it?"

The people, yes, the people.

TRACK

Starting off the indoor season with five victories, Hammond High's track team seemed to be fairly powerful. However, as the season progressed, and the boys got outside, a number of them suffered injury. Donald Ziehl broke a bone in his foot, laying him up for the season. John Adams was stricken with a cold, which impeded his progress. "Dink" Tinkham suffered a leg injury. Perhaps, you can't attribute the team's outdaor record to these injuries; but it is safe to say that they slowed down the team considerably. Jim Harper, high jump star, Dewey Blackburn, H. H. S. shotputter, and the mile relay team composed the nucleus of the squad. Ray Cutler, Art Mallehan, Cecil Harper, Marty Davis, Ernest Blackburn, and Jim Harper won't be with the team next year, but Whitey's hopes are high for a successful season.

CROSS COUNTRY

Compared to such popular sports as football, basketball, and baseball, cross country seems quite insignificant. Perhaps the importance of cross country is realized only by the boys who participate in it. Many participants find that the training required by this sport serves to put them in shape for other sports—the major sports. This fact alone lessens the insignificance of cross country. Cross country is an integral part of sports activities at H. H. S.

This year's team, according to "Whitey" Wonsowitz, was among the best he has coached. The boys had their bad breaks, and they didn't go down state, but their record compared favorably with those of many other top teams. Considering that only two members of the varsity team are graduating, you may expect another top team next year.

The following varsity cross country meets were won by Hammond:

Oct. 19	State Sectional	Hammond 4
Oct. 23	Northern Indiana Conference	Hammond 3

The freshmen-sophomore team beat Whiting, won the Hammond Annual X-C Meet, and took the Triangular Meet. They were beaten only twice—by Hobart and by Lew Wallace.

The following boys won varsity "H" awards:

Jahn Adams	Cecil Harper	Clark Wagner
Harry Black	James Harper	Donald Ziehl
Jerry Fitzgerald	Edgar Menning	Richard Beckmon, Mgr.
Jerry Graves	"Dink" Tinkham	

TENNIS

The Hammond net team, one of the school's few unheralded athletic teams, had one of its most outstanding seasons thus far in Purple history. The racket men viewed defeat only twice during the regular season's playing. The squad played perfect tennis in all of its conference games and was defeated only by the out-of-state Blue Islanders. The success of the team was present again when they walked off with their third successive Western Division Crown, defeating their closest contender, Roosevelt of East Chicago. In their last game of the year the squad was defeated in the conference championship by their host, Mishawaka. Although the Wildcat squad was composed mostly of graduating seniors, coach Overman has high hopes that his underclassmen will take on the burden of the rackets through another successful season next year as his seniors did this year.

Mr. Overman, coach of the tennis team, picked the boys in this order.

1. Marlon Bacon	4. John Meggers	7. Bob Leistikow
2. Charles Allegree	5. Joe Dixan	8. Jim Lippincott
3. Arthur Clark	6. Claude Band	9. Bob Abrahamson
		10. Eddie Gabavitch
		11. Frank Hancak

Match scores were as follows:

HHS.....2	Blue Island.....5	HHS.....5	Clark 0	
HHS.....4	Washington 1	HHS.....1	Blue Island.....7	
HHS.....5	Clark 0	HHS.....4	Roosevelt 1	
HHS.....5	Roosevelt 0	HHS.....4	Washington 0	Tie 1

GOLF

The Wildcat golf team, under the tutelage of Mr. King, continued where they had left off last season. Up to the time The Dunes went to press the linkmen had won three straight dual meets to run their string to three years without a defeat in dual competition.

Upholding this fine record were seniors Chuck Doppler, Steve Riebe, Jack Homolla, Jerry Vaughn, and juniors Jim Granack and Jerry Homolla.

Following is the schedule:

			HHS	Opp.
April	13	Lew Wallace	16½	1½
	21	Valpa	7	5
May	4	Valpa	15	3
	6	Lew Wallace		
	14	La Porte Invitational

	18	Dyer		
	21	Sectional Qualifying at La Porte		
	28	State Finals at Indianapolis		

BASEBALL

Hammond High's baseball team, under the direction of "Pat" Patterson, started off the season with five straight defeats but bounced back to take their sixth game of the season from Tolleston by a 9-6 score.

With most of the regulars back, the Wildcat nine will be a strong contender for the conference honors next year. We're all supporting—Good luck! The team won 4 and lost 6 before press time.

SWIMMING

The Wildcat swimming team, swimming in home water, started off the "48" season with a big splash by drowning their foe, Washington of East Chicago by ten points in a hard fought battle. Although the mermen were defeated in their next four meets, they came swimming back to nose out the Senators for their second consecutive win over the East Chicagoans in as many attempts. Again the Wildcats turned the boards in their pool by white washing the Whiting Oilers by the identical score that the Oilers had previously defeated the Wildcats. In their next meet the Pape men were narrowly outscored by Horace Mann, who later swam off with the conference crown. In the conference meet the water bobbers swam to a third place tie with Central of South Bend and swam out the season with three wins to eight defeats.

One record that they did establish and should be proud of was that they swam two meets in one day. The first was with Thornton Fractional and the second, only a few hours later, at the Hammond pool was against LaPorte.

ASSOCIATION

To create a better understanding between faculty and student and to give the student the responsibility of running a government are the ideals of the Hammond High School Association.

The year's program was centered around improving the social activities and providing educational and cultural auditorium sessions. To further a stronger social program a full time social director, Miss Sabin, was brought into Hammond High.

A complete list of the Association's accomplishments in 1948-1949 are as follows:

1. Division of Social Laws
2. Sponsored Four Auditorium Sessions
 - Deep Sea Diver
 - Archer
 - Marimba Player
 - Shakespearean Actor
3. Courtesy Week
4. Mardi Gras
5. Association Week
6. Association, Senate, House, and Class Elections
7. Association Banquet.
8. Bill permitting Freshmen Class to organize
9. Christmas Tree
10. Codification of School Regulations
11. Advisory Basketball Tournament

MONITORS

The guardians of law and order at Hammond High are sometimes referred to as monitors but never as human beings. Students slink down the halls, hiding behind lockers and available doorways, trying to avoid the cold stare of the monitors seated behind a big desk. Nevertheless, they are usually stopped by the familiar question: "May I see your admit?" Everyone puts up with the monitors as a necessary evil until he finds one of those little blue slips in his locker. Just the same, the monitors maintain order in the halls for the student's safety and protect their property in the lockers. The Secretary of Student Safety this year was Marie Soderstrom. The group was sponsored by Miss Thiel.

SOCIAL REPRESENTATIVES

We aim ta please everyane but it isn't an easy jab. If yau never have been a sacial rep, yau'll never knaw just what precedes—and fallaws—a party.

First cames the argument where, when, who and haw. There are na's, yes's, and maybe's. Then advances that evil called wark . . . mare meetings than peaple attending. When the eleventh haur cames, we realize the party is upan us. It is a mad dash ta finish everything . . . rolls af crepe paper and calared lights are everywhere (except where they shauld be). The tables and chairs are diligently maved, but the wark isn't over. After the event (11:30 p.m.), back ta wark, Sacial Reps! Onward ta the nearest braam!

Fram this chaas evalved same arder in the form af samething really wonderful . . . parties. All will remember the "Ghastly Get-Together," "Mistletae Magic," "Buttans and Beaus," "The Mardi Gras," and "Lauie's Day."

Fun—everyane had it. Money—Carltan handled it. Students—they loved it.

THE AUTO CLUB

"Hey Tom," got to be a familiar sound this year as Tom Daily fulfilled his duties as president of the Auto Club. Aided by his brother Jim, as vice president, Patti Orr, secretary, and Bob Carlton, treasurer, Tom ably directed the many activities of the sixty hardworking Auta Clubbers. Painting signs downtown, taking traffic surveys, pushing the fight against jaywalking, going to Safety Council meetings, sponsoring ouditoriums and concessions on safety, seeing movies on various subjects concerning the automobile, constituted the activities of waking hours of the members of this club. In school and out, the club stressed safety and better outo driving.

N. A. Beyer, sponsor of the club and president pro-tem of the Hammond Safety Council, assisted Tom ond the club in thinking up ond carrying out projects. The club was awarded the National Safety Council award of merit for active promotion of traffic safety.

VISUAL AIDS

Ah-h-h-h there's nothing like being a Visual Aids operator. Visual Aids. The purr of the projectors as they grind the films through. The soft, blinding projection light. NURSE'S STAFF

Healthy Business

How often have you gazed at the glimmering green grass and felt the shiny sun glare down at you as you sat restlessly in a study hall? Have you ever decided suddenly that it was too nice a day to stay in class, and decided, that the solution to this problem could be one of two things? The first, of course, would be to stick it out until 3:40. But, others have found a better solution: rumple your hair or remove all traces of make-up, hold your breath until you are within two feet of the health office door, give a very limp expression and then at last, look pathetically at Miss Latimer or her office help and say, "Please may I go home? I'm sick!" Oh yes, how many of us have used the second solution? Catch that little freshman that just said he never had.

The health department of Hammond High, which is composed of Miss Latimer and her staff, applies all the da's and don'ts of first aid. It keeps a complete health file of each student. The nurse's office is a very busy place indeed.

G.A.C.

Here We Go Again

The G.A.C. members sponsored the intra-mural volleyball tournament, sold candy in the halls, and had concessions at various school parties. They held parties of their own as well as sponsored after-school athletic activities in all sports.

The G.A.C. follows a definite schedule of sports. At the beginning of the fall semester, the girls play speedball, their version of football. The speedball tournament was won by the senior team composed of Larraine Chasteler, Mickie Stramske, Esther Freese, Eleanor Weigly, Helen Morse, Marian Hartzler, Joan Sharbak, Ann Narantic, Pauline Zizaff, Ruth Tanasijevich, Joan Kaval, and Joanne Hammond.

Next on the role of sports came volleyball. The seniors also took this tournament, beating the freshmen by a score of 30-15. The champs' line-up: Zizaff, Freese, Chasteler, Stromske, Hommond, Sharbak, Hartzler, and Narantic.

Before the first semester ended, the girls had given two parties for their members, one at Halloween, and the other during club period at Christmas time. The G.A.C. also filled a Christmas basket with food and goodies for a needy family.

With the new semester came "Haosier Madness" in all its glory. Basketball brings broken fingernails, bruises from head to foot but a swell time for everyone. Time out was taken when the G.A.C. sold hot dogs, pop-corn balls, and candy at the Mardi Gras. The athletic seniors also won the speed ball tournament. Members of the team were Zizaff, Freese, Chasteler, Stramske, Hammond, Sharbak, Hartzler, Narantic, Weigly, Kaval and Tanasijevich.

Next on the list of activities was table tennis. All girls interested were welcome to compete in this sport.

With spring and warmer weather came softball, tennis, golf, archery, and other outdoor sports. Depending on the weather, a softball tournament is usually played a week or two before school is dismissed for summer vacation.

G.A.C.: *Back row*—Kaval, Mills, Zizaff, Furman, Tanasijevich, Geib, Carroll, Chasteler, Freese, Stramske. *Middle row*—Wittmer, Narantic, Haag, Sharbak, Volkman, Flitar, Pavelchek, Richter, Wilson, Highsmith, Alexander. *Front row*—Phillips, Buleninec, Marse, Weigley, Mair, Weaver, Voris, Roberts

BOHEMIAN CLUB

With Judy Hays as president, Bonita Jens as vice-president, Marie Soderstram as secretary-treasurer, the Bohemian Club launched a busy program for the first semester with 10 members. By the second semester the reputation for fine writing and criticizing, built up by these members, had spread and 17 students paid their dues and appeared for the yearbook picture.

Discovering the meaning of Bohemian: "A person with artistic or intellectual tendencies who lives and acts with disregard for conventional rules of behavior"—the members of the Bohemian Club in February gave an intellectual Valentine Party at the home of Bonita Jens and in March sold artistic balloons at the Mardi Gras sponsored by the Association. Taking their profits in hand and ignoring spring fever (the conventional rule of behavior) the Bohemians embarked upon a new adventure and created a new feature in the Herald called "The Creative Bohemian." The page was filled with the creative writings and drawings of the Bohemian Club members and become a regular monthly feature of the Herald.

BOOSTER CLUB

Speaking of vim, vigor, and vitality, the Booster Club was these three terms personified. They were truly a pep of an organization, aiming to promote school spirit.

Through rain, snow, sleet, and hail, the promoters trudged on with the glory of H. H. S. their sole aim. Hours were spent printing "Yea Wildcat" signs and many a hair turned gray wondering whether the megaphones would withstand the beating the "kids on the bleachers" were giving them.

Pep sessions, sockhops, and visions of Lee Christiansen with "all that money" he collected for tickets will always be associated with the Booster Club.

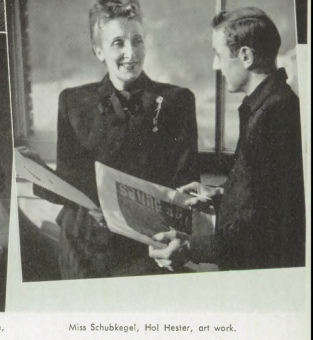

Cooperation, enthusiasm, hard work, and promotion of school spirit had been achieved. They came, they saw, and they went home tired.

THE DUNES

We've tried something different. How successful it is only Miss McGranahan's gray hairs can soy. But it's something new . . . this year each activity was written by o member actually in that activity. The basketball players no longer wrote music, nor the musicions no longer wrote Mr. King's techniques. (Wonder which way might have been the more successful?) We hope you enjoy reading these writings as much as we. Maybe running against, maybe running with, but running, the Dunes offers everybody the people, yes, the people.

To individually recognize all who shored in creating this year's book would meon simple distributing on odvisory list with each book, for about that many people helped. (Though if anyone is in o particular need of an odvisory list, the staff will gladly accommodate ot the nominol fee of twenty-five cents.) As Mac would soy (since she's not speaking ot the present time), "Thank you, people." We know all of you will enjoy it more since all of you did something . . . ond did it well.

For mistokes, blome yourself, for you wrote the book. For credits, just don't break your orm in the process. And for an excellent year and book, thank your neighbor . . . ond come out to work ogain next year. The people, yes, the people.

The editoriol staff this year included . . . David Anderson, Jean Anderson, Shirley Benson, Marilyn Burnett, Phyllis Chapman, Laurel Groff, Hal Hester, Nancy Howord, Robert Kutok, Pat Pickford, Clark Wagner, ond Pouline Zizoff.

The business staff was as follows: Doris Bush, Dolores Chase, Emil Krejci, Nancy Hammond, Joon Olson, ond Alice Soswich.

The Dunes sincerely oppreciotes the work of the following in the production of the 1949 Dunes . . . John Woura of Bodie's Studio; Mr. ond Mrs. O. W. Bodie; Mrs. L. R. Rhodes of Bodie's Studio; Mr. F. CALUMET HERALD

Over the Thanksgiving holidays, John Hancock, John Horrigan and Mr. Bolt represented H. H. S. at the N. S. P. A. (National Scholastic Press Association). Mr. Bolt as chalk artist, Sam Walkoff, magician, and Johnny Margrave, pianist, entertained the guests in the French Lick Hotel auditorium in a skit called "Nuts and Bolts."

Two staffs were used this year as in previous years. The Purple staff consisted of Gerri Duney, editor-in-chief; Sally Ann Dilts and Thelma Hesterman, co-news editors; Phyllis Cheek, copy editor; Lorrie Jensen, feature editor; John Hancock, sports editor; John Harrigan, ad manager; Mr. A. T. Bolt, supervisor; and Mr. R. H. Dunham, faculty business advisor. Hal Hester and Bill Acheson were staff photographers. Alice Boyd had charge of mailing Heralds.

The White staff included Evelyn Pierce, editor-in-chief; Eleanor Kascielniak, news editor; Betty Kalbac and Richard Woodward, features; Bill Graham, sports editor, assisted by Jim Whitaker; and Janet Smith, club editor.

In the business department were Larry Tiemon, circulation; Jeanne Carroll, mailing; Joan Pazdel, advertising, assisted by Carol Hesterman, Helen Kuhlman and Sally Mansfield.

Although the Herald published weekly and offered subscribers three extra issues, the triple staff also published a combined 12-page souvenir 25th Anniversary-graduation issue. Four pages were handled by senior members, four by juniors and four by sophomores. This issue commemorated the Herald's 25 years of continuous publication.

QUILL AND SCROLL

Mr. A. L. Schultz was also honored by staff members and presented with a token for his untiring efforts in "putting the paper to bed."

Formed in 1926, the Quill and Scroll was organized to reward and to encourage individual initiative in work in high school journalism, creative writing, and allied fields.

"The purpose of Quill and Scroll, International Honor Society of high school Journalists, is to instill in students the ideal of scholarship; to advance the standards of the profession of journalism by developing better journalists and by inculcating a higher code of ethics; to promote exact and dispassionate thinking, clear and forceful writing." Thus reads the preamble to the constitution of the Quill and Scroll.

A student to be eligible for the Quill and Scroll must be of junior or senior classification; in the upper third of his class; doing superior work in writing, editing, or in business management; recommended by the advisor; and must be approved by the executive secretary of the society, Mr. Edward Nell.

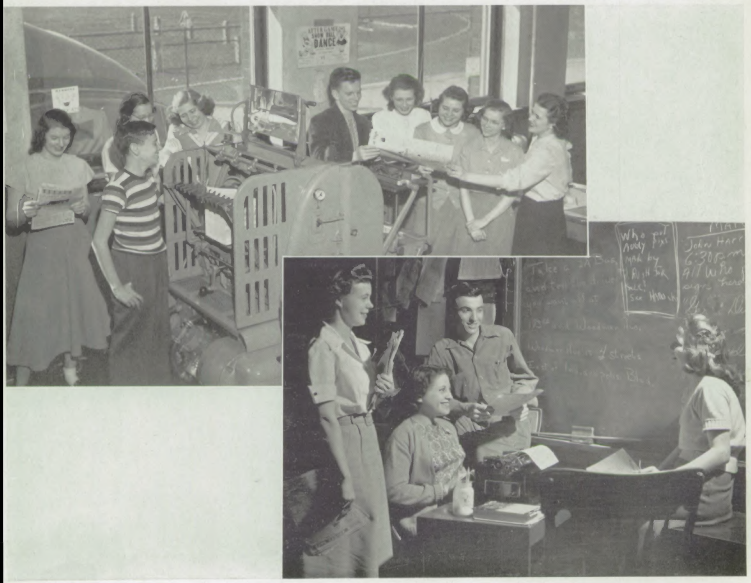

Hammond High's chapter is open to both Dunes and Herald staff members who pass these qualifications and receive the O.K. of the advisors.

Herald members include Gerri Duney, editor-in-chief, and Evelyn Pierce, managing editor.

Candidates for the Society second semester included John Harrigan, advertising; Janet Smith, editor; Bill Achesan, photography, and Larry Jensen, editor.

FRENCH CLASS

"Now let's be fair about this. We'll hold a vote. I'm sorry, Bob and William, you're overruled. We'll have only one chapter's assignment for next week."

"Oui, Mademoiselle Kessing."

William Moore and Robert Kutak sincerely wished that the rest of the class had been just a tiny bit more industrious; but John Debrata, Maejette Erickson, Laurel Groff, Helen Acton, and Monette Thompson felt that college rate is fast enough. Every week there was an argument about the rate that the class should go and Miss Kessing was forced to settle the dispute by a vote.

The class met every Monday after school and studied the grammar and the pronunciation of French. After class, if there were time, the group gathered around Miss Kessing's desk and, from various angles, discussed France intimately as to her people, romantically, historically, and economically.

INTERNATIONAL CLUB

Hey . . . I got a letter from Japon . . . I got mine from Fronce . . . these are familiar cries heard from members of the International Club, which was organized by several students interested in discussing letters received from foreign students, and paved the way for other students to enjoy both hearing and writing of other letters.

International friendship and a better understanding of our friends across the seas are the club's aims . . . and good ones are they. Assisted by numerous speakers who related their interested experiences abroad, the club had more to offer than local color . . . behind the scenes the stamp collectors were doing a thriving business.

A pot luck dinner was held as the climax of the year and students from other school International Clubs participated. The club is looking farward to an even more extensive program next year. With its fine purpose, let's all hope so.

DER DEUTCHE VEREIN

German Club officers were Betty Finger, president; Ingeborg Meggers, vice-president; Rose Marie Murphy, secretary; and Ethel McDaniels, treasurer.

The meetings were divided into two types—social and business. "Inge" Meggers proved more than capable in providing the programs for the social meetings.

During the year two parties were held—a Halloween party held at school at night and a Christmas party which was held during the last meeting before Christmas.

A gift box for the American Red Cross was filled by the club and various members worked every Wednesday night after school on a scrapbook which was sent to Europe.

The club also sponsored a candy booth at the Mardi-Gras.

SPANISH CLUB

Los Buenos Vecinos (Good Neighbors)

The Spanish Club at Hammond High is concerned mainly in deepening the interest of the students in our "South of the Border" neighbors. The programs given during the club periods by the members are centered around these interests. One project was making a scrap book containing glimpses of American life at Hammond High School. The book was made to broaden our neighbors' view of our school and social life here.

The club has also adopted "The Pan American League" as one of its activities. Pamphlets are given to the members to increase their knowledge in Pan American countries. This information directly coincides with the Spanish Club's purpose.

And, strangely enough, a feeble attempt was made by some of the members to increase their Spanish speaking ability(!). However, the most common expressions are "Mañana, Hasta la vista, y Aquí estoy." Ah well, Spanish is Spanish and it's not so much what you say; it's how you say it!!

Adiosito, mis buenos amigos.

JR. AND SR. HI-Y

One of the most progressive organizations in school was the HI-Y. Aiming to please and pleasing to aim, they were busy fellows. To create, maintain, and extend better standards of Christian living is a big order.

Some of the projects of this year's Junior group were sponsoring the Red Cross, polio, and World Youth Fund drives. They had a stand at the Mardi Gras . . . for those who could throw (balls—not money). Don Eads was president; Bell Mender, vice-president; John Pomplin, secretary; and Dan Damanski, treasurer.

NATIONAL FORENSIC LEAGUE

With Mr. T. D. Reed as the varsity debate coach, the debating team won 90% of all their invitational meets. The varsity and sub-varsity teams won the Calumet Debate League for the third time in five years. Debaters used were Virginia Ewing, Sam Van Blarcom, Robert Carlton, Hughes Cox, Robert Kutak, John DeBrata, Leonard Peterson, Clark Wagner, Fred Thompson, and Pat Pickford. The varsity team also won second place in the Metropolitan Debate Union of sixteen schools.

In the open meet at Manchester the team won second, being surpassed by Shortridge of Indianapolis. The team won the coveted Indiana N.F.L. Debate title April 8-9, for the second year in a row. This victory made four debate titles in six years. In the some meet, Robert Kutak won third place in extemporaneous speaking.

Mr. Reed retired this year as coach of individual events in his fourteenth year of doubling as debate and individual events coach. He has the impressive and unsurpassed record of having coached fifteen state champions in individual events. This year Mr. Oscar Matasor become coach of individual events and the freshmen-sophamore debate teams. Let's hope that as much success visits him as it did Mr. Reed.

SPEECH ARTS

What's Speech Arts? You really want to know? Concisely stated in cold, black print, it is an organization whose hounded duty is to further speech work through debate, individual events, or any special event related thereto. It's program consists of various speech meets, sponsored throughout the year by individual schools and colleges. The culmination of the season is the March State meet which is the end, the final judgment, of a year of speech work. This is the fact of the speech work, but, ah, the spirit is something else. The spirit is felt in the pinnacle of success and in the determination to push harder when you fall short of your mark. It's the "see the other guy win and 'grin, fella, grin' " spirit or the solid glow you get when you make the grade. Say it's the exhilaration of winning or the joy of courtesy, and you're not far from wrong. But, say that it's the comfortable, "good" feeling, the joy of accomplishment, and you call the Speech Art's spirits by name.

EXPANDED ARTS CLUB

So boundless—in space, relativity, universality. Chairmen inform, members perform. Personalities develop through the aesthetic—the spiritual—the utilitarian.

Groups co-ordinate and challenge. Traditionalism, cliche, and imitative forms collapse. Ideas become free—uninhibited—and take on new.

Basic art qualities educate the senses; eyes see, ears hear, fingers feel, nose smells, tongue tastes.

Here members become aware of visual qualities—space, light, distance, motion; tactile qualities—rough-smooth; hard-soft; solid-broken; sharp-dull; materials: string, paper, wood, paint, wire, clay, cloth, steel.

And so it goes—But where?

Sponsor: Miss Schubkegel.

THE ACE OF CLUBS

The Ace of Clubs is on honorary organization for freshmen. A student wishing to gain entrance to the club must retain a B average throughout 9B and 9A.

The club period is always a full one, for the members engage in any activity wholeheartedly. The Red Cross campaign and other campaigns were supported by the entire club.

Ace of Clubs consisted of 21 members, 14 of them being 9A's. Midterm students are invited to remain in the club, although only freshmen may hold office.

Special thanks of the club go to Miss P. Pritchard, the sponsor, for her much appreciated work in making the club one of which to be proud.

A CAPPELLA CHOIR

The A Cappella Choir, composed of more than fifty selected voices, is the most advanced of the vocal groups. Since the Choir members must have completed some preliminary training, their music, both sacred and secular, is more difficult and must be more carefully finished.

In addition to participating in the Christmas concert, Mardi Gras, Easter auditorium, and the Spring concert, the Choir presented an auditorium session, "Masquerade" in October, sang at Kiwanis and Rotary luncheons, caroled at the E. C. Minas Company and the city hall at Christmas time, and participated in the Hammond Music Festival, Baccalaureate, and Commencement in the spring.

The officers for the past year have been Kenneth Thomas, president; Tom Reese, vice-president; Judy Hays, secretary; Janet Fowler and Frank Moore, librarians; Marilyn Eidam, accompanist.

GIRLS' CHORUS

The girls' chorus, under the direction of Miss Esther Waterbury, is made up of beginners in the vocal department. In this group students learn such things as posture, tone, pitch, and breathing. Learning these things, the girls have o chance to advance to the higher vocal groups.

Their first appearance this year was at the Christmas Concert. The group also appeared in the following: Christmas auditorium, Spring Concert, Easter auditorium, Music Festival, Commencement and Baccalaureate.

The officers are elected by the girls and were as follows: President, Marlene Cole; Vice-president, none; Secretary, Mary Lou Hopper; Treasurer, Sylvia Kish; Librarians, Judy Rhind ond Evangeline Voris.

GIRLS' GLEE CLUB

Listen! Hear those angelic voices? "Who is it?" Why, that's the Girls' Glee Club. Every day during the sixth period you'll hear this advanced vocal group working diligently on choice songs.

As Miss Waterbury, smiling reassuringly, directs them, the girls try to keep one eye on her and one eye on their music. They do work hard!

There are many musical events on their year's schedule for which these nightingales are continually practicing. The group as a whole has sung in auditorium sessions, the Christmas program, the Easter program, the Spring Concert, the Hammond Music Festival, Baccalaureate, and Commencement. At various times, small sections have sung at meetings of clubs in the community.

VOCAL ENSEMBLES

The vocal emsembles are selected groups chosen for cooperation, personality, willingness to work, ability, and talent. They include the Chansonettes, Melodears, Eight Notes, and the Girls' Double Sextette. These ensembles have made over fifty public appearances this past semester. The groups are all directed by Miss Esther Waterbury with the exception of the Girls' Double Sextette, which is directed by Mary Bradbyer.

BOYS' CHORUS

The purpose of the Boys' Chorus is to prepare boys for more advanced music, as well as for work in musicol programs presented throughout the year. Last semester the boys hod parts in auditorium programs, Kiwanis Club program, Christmos programs, the school review, music concert at the Civic Center, spring concert, and the Easter program.

The high light of the year was the City Music Festival held at the Civic Center. Eloquent as are oll boys, one of the sayings most commonly heard in practice was, "What did I do? Holy Cow ! !"

DRAMATICS

Footlight Fever

I think I hove discovered o new disease not yet known to medicol science. I have nomed my discovery "footlight fever" ond I have found it to be common omong persons who are connected with the stoge in ony way.

The victim needs only to speok a few lines to hove the diseose coptivate him completely. He is then ot the mercy of the bug which mokes him willing to stoy long hours ofter school, storve oround dinner time for the sake of his ort, and memorize lines ond octions for weeks, for just one reason—to be behind those gloring footlights!

Though you moy not reolize it, there are corriers of this bug oll oround you, sitting beside you, even tolking to you now. Perhaps you yourself moy be stricken—if so, Miss Dovis would like to see you ot once.

However, don't worry obout contracting this molady. All its victims will say it's wonderful to hove. There ore agonies, as in ony disease such as your first entronce before the audience, the moke-up man smeoring greosepoint oll over you and moking you look like something not eorthly. But with "footlight fever" there are compensotions—the thrill of laughter ot your best line, the opplouse ot the end of the scene, the generol enjoyment of the players!

FACULTY

The faculty, yes,
It's said they are people,
Even human.
Are they? Who is there to say?
Some call them big baboons.
"Old bags, old hens, old goats, grodgrinds,"
The students say.
The faculty! Wonder what they'd say.
"Not of skyscrapers, bridges or bottlements,
But builders are we—
Builders of Nation and men,
Curving the arch of the future,
Thoughtfully, patiently lifting each piece,
Helping each find its place, do its part
Till the keystone is set in the mind,
Curving the arch of the future,
Beautiful, balanced and strong."
Old in knowledge, books, and boys,
School carnivals, concerts, gags, gomes, plays and proms;
Young in faith for a better world,
Sometimes reaching up—up beyond the skyscrapers even
And plucking down stars
Then tossing out shovelfuls
Scintillating, illuminating, enkindling
The faculty, YES.

Hey! Gimmie slaw and easy on the gravy. Where's the chicken in the chicken and noodles—still on the bird?

One ice-cream bar. What, can't change a five?

No, I haven't six cents!

Let's see, I like hot dogs and I like beans, but I'll have beef and peas.

Sure, that's right? I have only a quarter . . . quit your shoving, where da you think you are?

but the people are the winners

you know
it's kinda hard to say
who are the people
and put down, so all can see,
just what they've done

you know
it's kinda hard for
me to tell you here
how the people are,
just have to see them for yourself

you know
people are kinda wanderful, swell,
but you don't know that
by reading books or
by looking at pictures,
just have to be with them

you know
now a year has passed
and it's time to remember
people
not as individuals
not as races
creeds
colors
not as him
you
me
but as everybody
as a whole
just masses
people in general
just people

you know
it's kinda nice to get
a chance to say the last word,
though the last word really is never said,
the best I can think of is
the people, yes, the people

you know
that's kinda true
the people, yes, the people

Airview of the present plant of the W. B. Conkey Company, including new additions to plant completed in 1947, partial view of park at front entrance, and playground in rear.

THE W. B. CONKEY COMPANY is proud of its contribution to the growth and progress of the city of Hammond.

Chicago had just recovered from its great fire when Walter Blakesly Conkey opened a tiny basement shop in that city. It was 1877 and young Mr. Conkey was nineteen. He had already served his apprenticeship with several local printers and saved a meager fund with which second-hand equipment was purchased for his ambitious venture.

As his business grew, Mr. Conkey found it necessary to move it to larger locations, and in 1897 selected the city of Hammond for the erection of a new and modern plant for his business of book manufacturing. Lawn, trees, flowers and shrubbery soon transformed a prairie site into a plant and park of practical beauty.

The Conkey plant attracted many people to Hammond and new residential areas adjacent to the plant soon made their appearance. The street cars extended their lines to reach the Conkey plant.

Year after year this manufacturing masterpiece has been altered and enlarged to match the march of progress where now more than 950 employees are engaged in the manufacture of books and catalogs of almost every description. Most of the nation's leading publishers of school books, encyclopedias, dictionaries and textbooks use the facilities and services of the W. B. Conkey Company for making their books, as do America's leading industries for making their catalogs.

The present plant of the W. B. Conkey Company is practically double the area of the original plant, and thus we have grown through the years with the people of the city and made Hammond a familiar landmark to all in the book publishing and manufacturing industry and to users of printed material throughout America.
